

The 2017 Volunteer Season has Begun!

Welcome!

Spring will soon be with us! We hope we can welcome all of our volunteer groups back to spend their time with us, either outdoors in our gardens or through our indoor programs and services. Our corporate volunteer season will run from 01 May – 30 October, 2017.

Shifts we offer:

Morning: 9am-12pm

Afternoon: 12pm-3pm

Full Day: 9am-3pm

Outdoor activities in our garden are a great avenue for groups of 6-15 people. We can accommodate larger groups but we will need advanced

notice to ensure that we have adequate staff availability to supervise them. We are able to offer volunteer activities indoors in our clothing boutique and warehouse. Indoor activities limit group size, so we ask that indoor groups be capped at 8 people.

What can you expect?

Over the summer months we need your help to keep our outdoor spaces running. Depending on the time of year this could include: seeding, weeding, watering, soil balancing, trail clearing, or mulch-laying. These tasks are too large for our current staff and volunteers to accomplish, making groups fundamental for ensuring that we keep growing fresh, organic produce for our hampers!

Want to get involved?

Email our Business Development Coordinator and book your group in with us today! They will be able to suggest times and activities based on your group's needs, and can help make arrangements for any members who have special considerations (physical limitations, limited time, etc.). We look forward to seeing you here! 🌱

CORPORATE VOLUNTEER OPPORTUNITIES
